Canadian Ophthalmological Society (COS) & Canadian Glaucoma Society (CGS) Position Statement. PDF VERSION. Current surgical treatments for glaucoma are aimed at reducing intraocular pressure (IOP) through decreasing aqueous inflow or enhancing of aqueous outflow and thereby reducing the risk of visual field loss.

Micro-invasive or minimally invasive glaucoma surgery
The Ophthalmic News and Education Network (ONE® Network) is the Academyâ€™s online platform for continuing medical education (CME), news, videos and journals.

Visual impairment, also known as vision impairment or vision loss, is a decreased ability to see to a degree that causes problems not fixable by usual means, such as glasses. Some also include those who have a decreased ability to see because they do not have access to glasses or contact lenses. Visual impairment is often defined as a best corrected visual acuity of worse than either 20/40 or ...

Welcome to Psychology at CMU. With nearly 30 award-winning faculty and almost 150 people in total, we are a vibrant community whose research continues our Departmentâ€™s 100 year tradition of studying the deeper mechanisms and processes underlying human behavior and its neural bases. Innovation is in our DNA: our department has been at the center of helping create new scientific initiatives in ...

Isosorbide is a bicyclic chemical compound from the group of Diole and oxygen-containing Heterocycles, where two furan rings are annelated. Isosorbide is made from D-Sorbit, which is synthesized by catalytic hydrogenation of D-Glucose, which in turn is obtained through hydrolysis from starch.

Isosorbide is therefore also discussed as a plant-based platform chemical.

Bevacizumab, sold under the trade name Avastin, is a medication used to treat a number of types of cancers and a specific eye disease. For cancer it is given by slow injection into a vein and used for colon cancer, lung cancer, glioblastoma, and renal-cell carcinoma. For age-related macular degeneration it is given by injection into the eye.

The Center for Medicare Advocacy, is a national nonprofit, nonpartisan law organization that provides education, advocacy and legal assistance to help older people and people with disabilities obtain fair access to Medicare and quality health care.
